

ALPS GLOBAL LOGISTIC YEARLY NEWSLETTER 2014

21 WOODLANDS CLOSE, #04-46
PRIMZ BIZHUB SINGAPORE 737854

Wow! We are into 2nd year!

The 1st year of projects has resulted in a considerable leap forward and projects has moved in accordance with the set time table for its deliverables. This is the bum boat which is now sailing and ferrying tourists on the beautiful Marina Barrage was one of our projects which we have been awarded.

Family Day to Zoo

With a family day to visit our 'native relatives' at the Zoo on the 1st day of the year.

Moving to our very own premises

What does not kill will make you stronger! We truly believed in this sentence. The mover did not fulfilled his promise to ALPS on the very moving day. The 5 members of ALPS loan a lorry from a relative plus our 2 personal cars and we did our own office relocation. Tired but satisfying!

Plan it out!

Automated keyless HR System
E-Filing to go on trial

Pledge Support Fair Employment

In ALPS, we pledged Fair Employment and we believed implementing fair employment practices makes good business sense. It is also the right thing to do in a workforce such as Singapore's, with its diverse ethnic, religious, and age and gender makeup.

We made it

2nd year into business, we are proud to announce profit on the second financial year. **2014**
